

Summer 2024

Miss McKeever

Dear Parents/Guardians,

Welcome back to your child's third and final term in year 5. I truly cannot believe how fast this year has gone so far. I trust that you and your child had a restful Easter break.

Like the others, this term will be a busy one! In the near future we will be having a go at planting our own vegetables and flowers outside, and of course we have our very exciting residential trip to look forward to! Furthermore, we will have many new topics to uncover such as the ancient Maya in History and coastlines in Geography.

In Math we will continue to work on our multiplication and division while applying our knowledge to a range of problem solving activities and so it would be extremely beneficial if you could encourage your child to continue using Times Tables Rock Stars to help consolidate their recall.

I am tremendously impressed with the hard work and determination each and every pupil has shown so far, and I hope this continues.

As always, I hope that we can work alongside one another to support your children and allow them to reach their full potential.

Best wishes,
Miss McKeever
