

St. Osmund's Year 3 - Spring Term Pre-Learning Tasks

In order to prepare for the following half term's work, it would be beneficial if you could undertake all of the tasks listed below.

This work will not be marked but any work presented could form the basis of a classroom display or a discussion point.

Computing

Create a poster for KS1, teaching them about how to be safe online.

On your poster, talk about SMART rules:

S- Safe

M- Meet

A-Accepting

R- Reliable

T- Tell

Also, talk about what to do if something upsets you online.

Science

Our next topic will be plants.

So I would like you to explore how water travels within plants.

Try this experiment:

<https://kidpillar.com/best-plant-science-activities-kids/>

Maths

Have a go at the different activities on TTRS.

There is a house team tournament set up on TTRS for all of KS2 so every time you play the games, you will not only earn your coins but also earn points for your house team.
