

St. Osmund's Year 3 - Summer Half Term Tasks

In order to prepare for the following half term's work it would be beneficial if you could undertake as many of the tasks listed below as possible.

These tasks are all linked to the topics we will be covering in the second half of the Summer term. This work will not be marked but any work could be put on display in the classroom or earn some house points.

Science

Our new science topic for after the half term is 'Rocks and Soils'.

I want you to find and pick a favourite rock you might have. Can you describe what it looks like? Is it smooth/ rough? What do you think it could be used for?

Mathematics

One of our new topics will be 'time'. I want you to log what you do throughout the day and write the time next to it.

Challenge: write the time in numbers and in words!

Reading

Write a book review about a book you have read or are currently reading.
