

St. Osmund's Year 2 - Summer Term Pre-Learning Tasks

In order to prepare for the following half term's work in English it would be beneficial if you could undertake some of the tasks listed below. These tasks are all linked to the text we will be looking at in the classroom and will give you a background to the themes under investigation. At this stage you don't need to know the name of the book, all will be revealed in the classroom! This work will not be marked but any work presented could form the basis of a classroom display or a discussion point.

Maths

In preparation for our topic on fractions please look at quarters, halves and three quarters of amounts.

These games could help:

English

Look at these two books

The Can Caravan by Richard O'Neil

Science

If you have time try to grow a plant hydroponically (in water). A runner bean seed would be ideal. Can you actually make a seed germinate without soil?
