

St. Osmund's Year 5 - Autumn Half Term Pre-Learning Tasks

To help you prepare for our upcoming half-term, it would be beneficial if you could complete as many of the tasks listed below as possible.

Each task supports our upcoming topics and builds background knowledge. It won't be marked, but any work you share could be used for a display or class discussion.

Alan Peat Sentences

We have been learning about Alan Peat sentence structures this term. In your GPS book, copy out the example sentence three times in your neatest cursive handwriting. Then, using the same sentence structure, write three original sentences of your own.

- 3-ed sentence: *Frightened, terrified, exhausted, they fled the battlefield.*

Give it a go - your sentence might end up on our display or spark a great class discussion!

Mathematics

Have a go at the different activities on Times Tables Rock Stars. There is a Sound Check ready for you to test how quickly and accurately you know your times tables, and a Garage Tournament set up for all of KS2 to take part in.

The tournament is a great chance to practise your skills and compete against other classes - every correct answer you give helps your team climb the leader board. Whether you want to beat your personal best or help your class win, now is the time to log in and get involved.

Make sure you don't miss out!
