Dear Parents/Guardians,

I would like to offer you a warm welcome to all of our returning students and new families who have joined our class. I hope that you were able to have a wonderful and restful break and are now refreshed and eager to embrace the fresh challenges, opportunities and adventures, which lie ahead this year. I certainly am!

Year 5 is a significant milestone in your child's education as it sets the foundations for Year 6, and thoughts will undoubtedly be turning to the secondary school process. Children will be encouraged to take greater ownership of their learning - developing a keen sense of determination and pride in all they undertake.

We will be studying the book 'The London Eye Mystery' this half term. Please do not buy the book as I hope we can all unfold the mystery together.

I look forward to getting to know your children better over the course of the term as I work alongside them, supporting them to reach their full potential.

Miss Kallu

Weekly highlights:

Monday: GPaS/Comprehension homework set. French weekly.
